

### Description

WSS lockers are designed to store mobile phones and small personal belongings. WSS lockers can be mounted on a wall. The advantage of this is convenient access to the lockers. Locker is 200 mm deep, that allows easy arrangement on any wall. The lockers are made of thick steel, spacious and lined with fabric. Each compartment has a solid lock. The hinges are hidden, thanks to which the phone cabinet looks aesthetic and modern. The furniture is welded and does not require assembly, thanks to which it gains strength and stability.

As standard, the cabinets are available in 16 colours at no extra charge. The lockers have five-year guarantee! In the first period (24 months), the Guarantor is responsible for all manufacturing defects of the product. In the remaining period (36 months), the Guarantor is responsible for the functional properties of the product, such as the varnish coat and durability of connections of the product elements (welding).

### Features

#### WSS canteen lockers

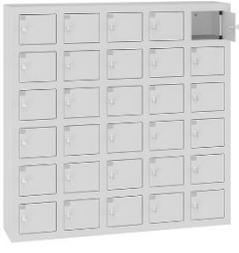

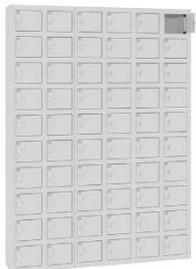

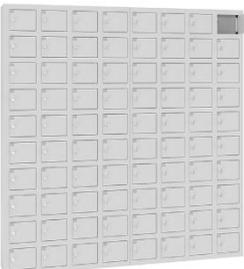

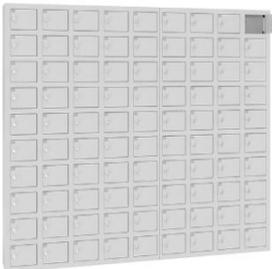

- 5 year warranty (according to terms of Malow products warranty)
- Cabinets intended for storing mobile phones or personal belongings in dry and ventilated internal rooms.
- The WSS lockers do not require assembly.
