

## Description

WZD is a two-compartment locker. A common lock allows quick access to the left and right part of the locker. As standard, WZD is equipped with a mirror, a self-adhesive nameplate, three hooks on the cloth bar and one hook on the each door. The doors have a ventilation for better air circulation. WZD lockers can be used in employee cloakrooms and everywhere where is a need for more space for clothes. At the same time, it ease the use and limits the number of locker keys.

WZD lockers are offered in two width variants of 600 mm and 800 mm and in two types:

- with two clothes compartments,
- with a compartment with four shelves and a clothes compartment.

The solid construction of the lockers allows them to be placed on legs, a socle, a base with a seat and a shelf for shoes, and slanted roof. You can give them an original look by ordering doors with your favorite graphics. The furniture does not require assembly, thanks to which it gains strength and stability. As standard, the lockers are available in 16 colours at no extra charge.

## Available options

Name	WZD 320	WZD 420	WZD 61	WZD 81
Code	WSU 0102260115	WSU 0202260115	WSU 0102260116	WSU 0202260116
Dimensions (height x width x depth)	1800 x 600 x 500	1800 x 800 x 500	1800 x 600 x 500	1800 x 800 x 500

## Optional accessories

Locker with legs available as a separate model. The legs are equipped with feet adjustable in the range of 0-10 mm, what help to level the locker.

A base with a seat is available at an additional cost. Adjustable 0-10 mm feet help to level, raise and stabilize the locker. The bases, apart from a place to sit, enable the installation of a shoe shelf. Various types of seats are available: wooden or PVC.

Roof is available at an additional cost. It helps to keep clean, in addition, the 22o angle of the roof prevents unwanted items from being left at the top of the locker.

A shoe shelf is available at an additional cost. This is an additional space for storing shoes. A perforated shelf allows water to drain away and speeds up the drying of the shoes.

## Description of markings

The 5-year warranty proves that we are confident in our products due to the high quality of execution and their reliability. We want you to feel safe and be satisfied with the cooperation with us.

The ISO certificate confirms compliance with standards and the high quality of products and services we offer.

We offer 16 colors from the RAL palette - as standard. Therefore our furniture fits to any interior.

The use of zirconium coating technology provides a very good protection against corrosion. Additionally, this process improves paint adhesion

Our perforation is well thought out, delicate and subtle. It guarantees adequate ventilation and fits perfectly into modern workplaces.

We test lockers in our own laboratory, the Research and Development Center (CBR). This ensures that the tests are comprehensive and carried out correctly..
