Depth mm	525	Locking system	KEY Lock
Height mm	945	Castor load capacity kg	400
Number of front heights mm	1 x 100 / 3 x 200	Specifications	with wooden cover in multiplex 40 mm thick
Drawer safety catch	Safety catch on right	Colour	Grey-white RAL 9002
Drawers useful width mm	612		

Product-specific benefits

- + **Optimum load capacities** of 40 kg per drawer and a housing load capacity of 400 kg
- + **Maximum space utilisation** since drawers can be fully extended and drawer cladding heights are optimised
- + **Maximum workplace safety** central lock and single drawer safety catch against accidental opening when in motion
- + **Flexible adaptation options** with perforated side and rear panels for holding accessories and tool hooks
- + **Maximum ease of use** with robust, ergonomic push bar
- + **Full mobility** thanks to the smooth-running fixed and swivel castors (two of each) in solid rubber
- + **Added safety** through edge protection made from ABS plastic which act as shock absorbers
- + **Fully compatible with LISTA partition material** thanks to the standardised unit of measure

OVERVIEW OF LISTA ACCESS SOLUTIONS

KEY Lock

Proven standard locking system

KEY Lock, our standard locking system with replaceable cylinders.

- **Manual opening/locking** with key
- Simultaneously lockable for multiple, as well as different, products with only one key or separately lockable with several keys
- Key availability guaranteed for years

CODE Lock

The modern solution with number combination

When locking with CODE Lock, the key is replaced by a number combination. A simple four to six-digit code is all that is needed to open the product.

- **Manual opening/locking** with number code
- Lock readout and programming with LISTA Access Software (option)

RFID Lock

Ready for the future: the solution with RFID Badge

In addition to the CODE Lock, the LISTA RFID Lock enables opening and locking via standard radio-frequency identification (RFID). It consists of a transponder in the lock and standard mobile RFID badges/cards/tags.

- **Manual opening/locking** via RFID badge or number code
- Most standard RFID badges/cards/tags can be used
- Lock readout and programming with LISTA Access Software (option)

AUTO Lock

The ultimate solution: automatic opening and locking

The LISTA AUTO Lock features the same functionality as our RFID Lock, however opening and locking take place automatically. With LISTA Access Software (option), time profiles can also be programmed in the lock or on the user for time-limited access for increased security.

- **Automatic opening/locking** via RFID badge or number code
- Most standard RFID badges/cards/tags can be used
- Locks automatically after a preset time or at the push of a button
- Lock readout and programming with LISTA Access Software (option)
- Time-limited access programmable via LISTA Access Software (option)
